

X 800 Center Console

X 800

Length: 8m

Beam: 2,25m

Draft: 0,45m

Engines: Inboard 1x350 hp

Outboard 1x115 hp – 250 hp

Outboard 2x115 hp – 175 hp

Propulsion: waterjet or sterndrive

The X 800 center console can be designed as sport/fishing configuration or custom fitted based on customer request. Here as a standard sport model, all models are made of marine grade aluminum. High speed boats combined with waterjet gives outstanding maneuverability and shallow draft capability.
